

AussieHost Train the Trainer course in NSW testimonial

2nd December 2009

'...The two day train the trainer course with Penny Delfs was phenomenal! For someone like me who has never delivered any training I found Penny extremely inspiring and encouraging, there was not one moment throughout the course where I felt uncomfortable or inferior. I feel like I could take on the world – thanks AussieHost and thanks Penny!'

I would like to thank you again Pen, for two extremely inspiring days. I look forward to building my skills in the facilitating field and am extremely excited about rolling out the AussieHost course in my local region.

Regards
